

**NEW – FROM**

# The Kugler System

The Kugler Library unprecedented access to all 500+ techniques!

***Easy, Web-based access to all Kugler titles – now for the first time, available in a single online collection.***

**Put the power of Kugler into the hands of every agent** and planner in your organization. **The new, Web-based Kugler Library is inexpensive, it's incredibly simple and, most importantly, it's a sure-fire way to help them drive new business.**

**Available on a group account or site-license basis,** The Kugler Library gives you a highly organized and indexed collection of all of our cases and techniques, perfect for field use or training and education purposes. Just point, click and get the cases you need – download it, print it or use it on-screen.

**It's the perfect flat-rate solution** for gathering material for client or prospect opportunities, for in-house training or for integrating with your company's product information to help enhance your own marketing program.

**It's so simple** to find the information you need within the Kugler Library. Access techniques and concepts three ways:

- **By book** – everything is indexed by chapter and by case – just click a book title to get started. Once you get into a chapter, you can also browse easily by keyword or topic.

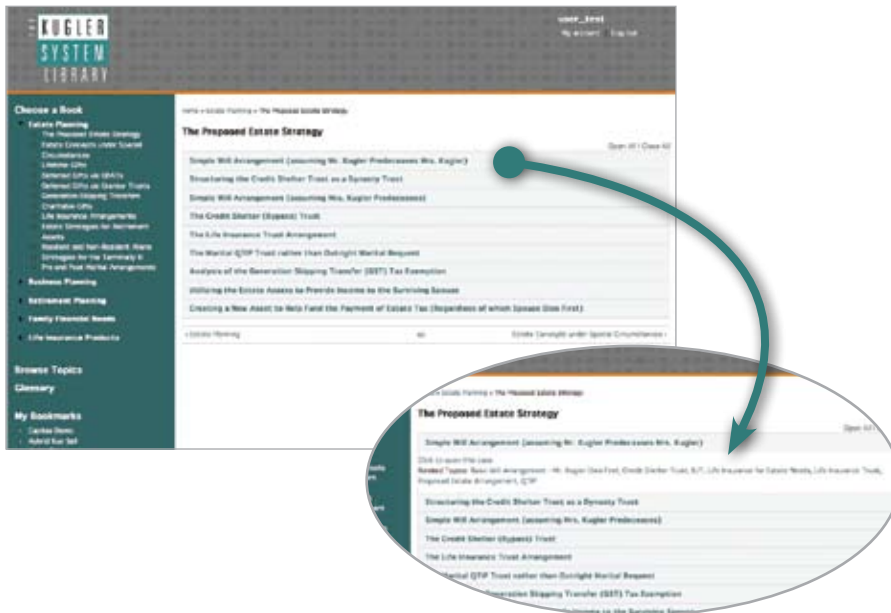

**All 500+ Kugler concepts are now cross-referenced and indexed,** helping you surface incredible opportunities to drive new business.

*It's like having Frank Rainaldi sitting in your office, guiding you to the RIGHT solutions for your clients and prospects.*

- **By topic** – Frank Rainaldi has personally gone through the entire library and developed relationships between topics, helping to ensure you get access to every technique or case that meets your needs.
- **By term** – Our extended glossary and resources sections give you instant access to helpful terms and background information.

**The Kugler Library** also represents the first time we've ever combined all our topic-based books into a single, cross-referenced collection. Every technique, with its exclusive mini-case format provides the technical information you need and structures the concept and its applicable diagrams, which correlate to how the concept is used to in the field. Books include:

- Estate Planning
- Business Planning
- Life Insurance Products
- Life Insurance Applications & Tax Aspects
- Retirement Planning
- Family Financial Needs

### Sample Topics

All content is COMPLETELY up-to-date with 2011 tax laws. We have hundreds of topics, including things like:

- Section 1035 transfers
- Roth conversions
- Comparing a sale to intentionally defective grantor trust to a GRAT
- Tax Aspects of various buy/sell agreements

...and hundreds more!
